

Archway Trivium East is pleased to announce that we will be using Fourleaf for our online school directory this year!

Some key advantages to our new directory will be:

- Convenient. Access from any device, anytime, anywhere.
- Searchable. One box search makes finding what you're looking for quick and easy.
- Up-to-date and in control. Parents control what information is viewable to others and can update their information at any time.
- Secure. Each adult in Fourleaf has their own account based on an email address and secure password.

Fourleaf is a San Francisco Bay Area company founded in 2012. Their company specializes in school information systems, sign-in /sign out and school directory software.
